The meeting is a special meeting about his upcoming separate meetings with the Mayor Hanneman and Associate Administrator Kate Lang of the FAA.

Jim, are you able to set up a brief Team meeting to run quickly through the three topics that may come up at the Administrator's meetings with FAA and Mayor Hanneman on Friday? Wednesday at 11:30-noon works for Ed Carranza and me. Does that work for you? I think the topics will be:

1. Status of Airport Alternative(s)
2. Status of NEPA (status of programmatic agreement? How long delayed?)
3. Letter on Notices to Proceed—whether or not we get it out before Friday.
